BID CANCELLATION NOTICE

To: All Bidders

The Water Research Commission (WRC) hereby notifies all bidders that **Tender WRC 002 2025/26** for the development, maintenance and support of an Electronic Document Management System (EDMS), including migration of the file server to cloud infrastructure, has been cancelled.

The cancellation is due to a material omission in the bid specifications relating to software licence quantities, which resulted in incomplete pricing submissions. In line with applicable SCM regulations, bid prices may not be amended or supplemented after bid closure.

The WRC regrets any inconvenience caused. A revised procurement process may be initiated in due course.

For enquiries, please contact the Supply Chain Management Unit at **tenders@wrc.org.za** and **lawrencec@wrc.org.za**.
